

Bremen Fire And Rescue Receives Improved ISO Fire Rating

News Release Date
08-01-2023

"I'm happy to announce that after receipt of the results of our 2023 ISO Survey, the department has received a reduction in rating provided by ISO. Currently the department's ISO rating is a 4/4x, starting August 2023 we will increase to a 3/3x." - Chief Hurley

What Is An ISO Fire Rating

An ISO fire rating is a score provided to fire departments and insurance companies by the Insurance Services Office (ISO). The score reflects how prepared a community and area is for fires.

What Does This Mean For Our Citizens?

If your fire department has a strong score from the ISO, this suggests to your insurance provider that the likelihood of your home being destroyed by a fire is low. This means you may be able to download the documents listed below, provide them to your insurance company, and qualify for lower homeowners insurance rates.
